WARE VALLEY FLORAL GARDENS

1932 Price List of Fine Gladiolus and Dahlias

In presenting our 1932 catalogue we first want to thank those of our patrons who have helped us to build our business larger in the past years with their generous orders, and who with their own success with our bulbs have told others, who in turn have sent us their orders.

We have dug this past fall an extra good crop which are being offered this year at very reasonable prices, considering the varieties and quality.

All bulbs are field grown without forcing for blooms, and are guaranteed true to name.

For those who do not care to grow named varieties we call your attention to the Sunshine Mixture of Gladiolus, and to the special prices on Dahlia Collections, prices and varieties that will not be equalled anywhere.

For your convenience you will find an order blank on the last page of this catalogue. We suggest that you place your orders early, and avoid disappointment, as our stock of several varieties is limited, and orders are filled in rotation.

With thanks for past orders and looking forward to new ones, we remain,

Yours for garden success,

WARE VALLEY FLORAL GARDENS
R. W. West U. N. Taylor, Owners.
